
CRAWFORD SCHOOL CENTRAL DISTRICT

October 18, 2019

To Whom It May Concern:

I am writing a letter of recommendation for Mr. Andrew Androstic for a teaching position in your school district. I have known Andy for the past 12 years. Andy has been a leader in the areas of curriculum development, technology and student activities.

Andy has been able to assist in the development of social studies content at the middle and high school levels. One of his accomplishments includes the revisions to the AP European History curriculum and resources. As a new teacher to the program, he attended professional development, reworked the units of study and promoted the exam proficiency. In his courses, he has high expectations for course content and for his students.

The District began the use of a new learning management system, Canvas, in 2017. He was on board with becoming a technology leader to learn the program and teach other teachers. His course content has been developed using Canvas. He is very willing to assist other teachers to develop course content. Andy has embraced the use of technology as well with the rollout of the student 1:1 technology program at the high school.

In addition to his curriculum and technology expertise, he is willing to work with students to change the culture of the building. He was recruited to be a part of the Link Crew, a transition program for freshman students. Andy has coached and participated in extracurricular activities.

Please contact me at 814-724-3122 or email at jennifer.galdon@craw.org if you have any reference questions.

Sincerely,

Jennifer A. Galdon
Director of K-12 Curriculum
