To Whom It May Concern:

It has been my pleasure to work with Mr. Andrew Androstic over the past four years. Throughout the entire time, Mr. Androstic has kept a positive attitude and displayed both professionalism and confidence in his daily responsibilities in the classroom and the building. His lessons were efficiently planned and written in a manner that showed careful thought, planning, and understanding of best practices and how his students learn. Mr. Androstic is at the forefront of effective and efficient use of technology in his classroom including Google Apps, My Big Campus, and starting to implement the flipped classroom approach. In addition Mr. Androstic uses many of the Reading Apprenticeship strategies on a regular basis.

Mr. Androstic effectively communicates expectations and planned outcomes to the class through the use of agendas, sharing of objectives and presenting a daily bell ringer. Students received feedback promptly following the completion of assignments and tests. Mr. Androstic continually assesses students informally during class and makes adjustments during his lesson based on the information gathered. Grades were calculated using Saphire online grade book and Crawford Central School District grading policy.

Mr. Androstic creates a classroom that is student centered, warm and inviting to all students; he made a connection with each student in his class and showed that he cared and they were important. His classroom is extremely well managed - students are always engaged and participating in class discussion, assignments, and other activities. Mr. Androstic has shown that he is dedicated to teaching.

Mr. Androstic has shown a genuine interest in working with young adults and would be a great asset to any school district and community and it gives me great pleasure to recommend him for a teaching position. If you need more information please contact me at 336-1121.

Sincerely,

Kenneth N. Wolfarth
