To Whom It May Concern:

I am both honored and pleased to write this letter of recommendation on behalf of Andrew Androstic. I have had the distinct pleasure of serving Andy in an administrative capacity throughout the 2005/2006 and 2006/2007 scholastic years where he taught 7<sup>th</sup> grade social studies. Therefore, I can state without reservation that he is one of the most motivated and dedicated young educators I have had the opportunity to work with throughout my 15 year educational career.

He has demonstrated a command of the teaching profession, which encompasses all facets of education: effective instruction, classroom management, impeccable communication skills with colleagues, students and community members and adherence to district and state initiatives, mandates and policies. Andy maintains a welcoming classroom environment where teacher expectations elicit high student achievement and build strong rapports with students. Additionally as a social studies teacher, his lesson plans and classroom layout emphasize the type of rich atmosphere that supports the state's standards. Additionally, he heavily participates in extra-curricular arenas by coaching volleyball and advising student council and the community service club.

In short, Andy has all of the characteristics that any school district is seeking today in an effective educator. He will make an excellent addition to any learning organization's educational team. If you require any further information, please do not hesitate to contact me at the above referenced address or telephone number.

Yours in Education,

Darcie L. Moseley
